## Introduction

# Millennial India International Chamber of Commerce Industry and Agriculture

### KEY ACTIVITIES:

- To carry out research for achieving the objectives of the chamber and to collect and disseminate useful information, knowledge and statistics concerning economy, commerce and agriculture.
- To hold seminars, conventions, discussions, workshops, exhibitions, businesses meets and send/invite delegations from India to other countries and vice versa for the benefit of commerce, industry and agriculture.
- To promote and foster unity, amity and fraternity amongst persons concerned with trade, commerce, industry, professions and agriculture for protection and advancement of their interests.
- To take lawful steps for resolution of problems relating to the welfare and interests of trade, business, industry, agriculture and other areas coming within the ambit of this chamber.
- To create institutional linkages with Chamber & Industry Associations in India & abroad to create mutually beneficial synergies.

## ABOUT THE CHAMBER

- A non-governmental, not-for-profit organisation, MIICCIA aims to strengthen cooperation for empowering business and industry for ensuring the development of the nation. The Founder members/promoters of MIICCIA had envisaged such a forum in the course of dealing with business houses and chambers of commerce in India and abroad, and understanding the needs of business houses, concerns of the industry as well as policy challenges in the growth of business, industry, agriculture and also the country.
- MIICCIA realized that strong coordination is required between policymaking authorities and industry to create a strong policy environment for industrial growth and development.
- MIICCIA has taken progressive steps with the objective of serving its members from the Indian private and public sector, corporates, multinational companies and professionals, drawing strength from valuable inputs of diverse regional chambers of commerce and industry across States.
- Keeping in mind the national and global interests and requirements, MIICCIA has aimed to provide updated information and valuable inputs in real time. To achieve this goal, MIICCIA has plans to create pan-India network of offices in all major cities in India to reach out to individual businesses, corporates, multinationals, professionals and institutions.
- The MIICCIA also plans to host networking events, bilateral, multilateral matchmaking events, fundraisers, workshops, and other related activities.

# PRESIDENT, MIICCIA

Ambassador Anil Trigunayat, IFS (Retd.)

## PRESIDENT'S MESSAGE

- ▶ India has shown tremendous resilience in recovering from the pandemic despite a challenging external environment, and while comparing with major economies, the Indian economy at present is firm and stable in terms of various fundamentals. The Indian economy has been sailing safely and speedily in a sea of global uncertainty. India's real GDP is projected to grow over 6.5 – 7 percent in 2024-25. The Indian economy recovered swiftly from the pandemic, with its real GDP in FY24 being 20 percent higher than the pre-COVID, FY20 levels. This was stated by the Economic Survey 2023-24. India is heading towards achieving a GDP size of USD five trillion by 2027.
- ▶ Among the major recent reforms taken for ease of doing business are recapitalization in the banking sector, 100% FDI in some sectors, tax exemption to sovereign wealth funds and pension funds, simplified labour laws, National Single Window system, amendment in Foreign Trade Policy to allow International Trade Settlement in Indian Rupees, digital currency, special economic package for MSME under Atmanirbhar Bharat Abhiyan, etc. Today, we have a strong revival of private investment, and the country has comfortable forex reserves to withstand turbulence in the international currency market. The exponential growth of digital payments in India during the last few years is an indication enough of fast changes. Country has the capability to emerge as the third largest economy in next half decade and one of the best investment destinations in the world.
- ▶ In line with the Govt policies and to promote the business events during Covid, MIICCIA organized various business seminars, B2B meetings, exhibitions, webinars, trade and investment events with the foreign delegates, with the support of Ministry of External Affairs and some foreign diplomatic Missions in Delhi. More than 50 institutional linkages have also been signed by MIICCIA with Indian as well as foreign chambers, trade and industry organizations. MIICCIA had led business delegations to Ethiopia and Nepal in 2024.
- ▶ Sincerely, I thank all the Senior Advisors, and our distinguished members & partners for their valuable support to MIICCIA during challenging times and I hope that MIICCIA would continue to get same support from them in future in our local and global outreach for promotion of the bilateral trade and economic relations with foreign countries.
- ▶ With all its strength and sources, MIICCIA will continuously strive to facilitate promotion of the Indian business by working closely with the government, trade and industry and institutions, Indian Missions abroad and foreign diplomatic Missions in Delhi. MIICCIA intends to fulfill its role as a bridge between the Industry and the Government.

## MESSAGE

I am delighted to learn that the Millennial India International Chamber of Commerce, Industry and Agriculture (MIICCIA) is organizing a Business Conference on opportunities in the Nordic and Baltic countries on 5th August 2024 in Delhi, with support from the Ministry of External Affairs, Government of India. It is noteworthy that this event is being organized to mark the 75th anniversary of the establishment of India's diplomatic relations with Norway, Sweden, Denmark, and Finland, the 50th anniversary with Iceland, and the 30th anniversary with the Baltic countries.

India shares multifaceted cooperation with Nordic countries in areas such as climate change, innovation, digitalization, green technologies, and sustainable development, among others. Additionally, India's Arctic Policy provides a good framework for the expansion of India-Nordic cooperation in the Arctic region.

Our Hon'ble Prime Minister Shri Narendra Modi ji engaged with the Nordic region through the first India-Nordic Summit in April 2018 in Sweden, interacting with the Prime Ministers of Denmark, Finland, Iceland, Norway, and Sweden on a single platform. He also participated in the 2nd India-Nordic Summit in Denmark in May 2022 to enhance trade and economic cooperation between India and the Nordic region. These interactions have laid a solid foundation for our bilateral and multilateral engagements, fostering closer economic ties and mutual understanding.

This conference will serve as an ideal platform for Indian businesses to explore new opportunities and partnerships with their Nordic and Baltic counterparts, fostering innovation and entrepreneurship. It will also provide a unique opportunity to discuss and address common challenges, reinforcing our shared commitment to a greener and more prosperous future.

I extend my best wishes for the success of the conference and wish MIICCIA success in all its future endeavors.

### VISION

- In our vision, the key to develop an economically sound India lies in cohesive efforts of entrepreneurs and businesses in coordination with the government. There is strong need to promote entrepreneurial culture more vigorously in India. Young entrepreneurs need to be made aware of policies that are being framed along with certain facilities to allow start-ups to compete and take off with ease and without bureaucratic hurdles.
- To influence political will and strong bureaucratic support to take India at par with developed countries.
- To motivate, prepare and support creative leaders in the field of trade and commerce.
- To be the leading voice of India's business and industry.
- To be different from other Chambers of Commerce by providing a true international platform to Indian Industry & Business to work globally and more aggressively.

## The underlying strength

MIICCIA's unique strength is its Directors Council consisting of a significant number of former (recently retired) Ambassadors/High Commissioners of India, each of whom has over 30 years of experience in political and economic diplomacy in different parts of the world. Combined they speak more than 15 major foreign languages. All of them have significantly contributed to the functioning and defending India's economic & commercial interests in multinational fora like World Bank, EU, WTO, UNESCO, OECD etc. These former diplomats have significant personal contacts with different trade organizations and policy making authorities of the governments, both Indian and foreign. They are also honorary advisers of different Chambers of Commerce and Trade Councils both in India and abroad. Similarly, retired foreign Ambassadors/High Commissioners who had worked in India for the advancement of bilateral political & economic relations have also been taken as Advisers on Board.

MIICCIA is in the process of establishing product-wise Sub-Committees headed by captains of the industry as well as technocrats.

MIICCIA is already in the process of establishing Branch Offices in important manufacturing & trade centers in India. MIICCIA is upgrading its research team to carry out extensive in-depth research on Indian exports/imports and the bottlenecks and non-tariff barriers therein. The Chamber plans to provide expert advice on diverse subjects such as industrial growth, monetary & fiscal policy, exchange rate policy, economic planning, taxation laws etc.

MIICCIA is authorized to issue 'Certificate of Origin' and 'Attest' documents for goods to be exported from India.

Collaboration with foreign Chambers of Commerce & Industry

With a view to strengthen its global reach, MIICCIA has already entered into collaboration with Indian and foreign Chambers of Commerce & Industry and has signed MoUs with the following Chambers.

The Chamber is actively negotiating with many other foreign Chambers of Commerce & Industry to further strengthen its global out reach.

The Chamber has ambitious projects of mounting many trade & investment delegations to different countries in the world.
